

Assignment 2: Part 2 - Integrating Gradio Chatbot with Fast API

Objective:

Extend your existing Gradio chatbot interface by integrating it with FastAPI. This part focuses on enhancing your chatbot's capabilities by incorporating FastAPI to handle backend logic, API requests, and data processing.

Deliverable:

- Gradio Web Interface Link with FastAPI Integration: Share a direct URL to your updated Gradio web interface, now enhanced with FastAPI integration. This interface should be publicly accessible.
- An explainer video to demonstrate the chat app.
